Total	\$28,529.85	\$9,825.50	\$19,736.20

The cost of tools and supplies listed for each course is an approximate cost for someone who has not received training in any of the other departments. If previous training has been completed, the cost of tools for the training program will be reduced as some of the tools will already have been received in the previous work.

Tools and supplies are billed at the end of each month for those items issued during that period. These payments are due within ten days from the date of billing.

¹A **course of instruction** is a standalone course that meets for a period of time and provides instruction that may or may not be related to a program of study, but is either not part of the sequence or can be taken independent of the full sequence as a stand-alone option. A Course of Instruction may directly prepare students for a certificate or other completion credential or it can stand alone as an optional preparation or, in the case of students requiring catch-up work, a prerequisite for a program. A stand-alone course might lead to a credential to be used toward preparing individuals for a trade, occupation, vocation, profession; or it might improve, enhance or add to skills and abilities related to occupational/career opportunities.
